---

Our most popular rail route, **First Passage to the West** retraces the steps of the 19<sup>th</sup> century explorers who first marvelled at this untamed wilderness, and gives a living history lesson on the building of a nation.

## TRAIN DAY 1

Board Rocky Mountaineer in the urban oasis of Vancouver, British Columbia, and journey through the fertile farmlands of the Fraser Valley. Watch as the landscape transforms to the towering peaks of the Coast Mountains. You'll see the mighty Fraser River and the whitewater of Hell's Gate. Soon, the scenery undergoes another dramatic shift and you'll find yourself amid a desert-like landscape peppered with sagebrush. The day's journey comes to a stop in the city of Kamloops, where you will overnight at a hotel.

## TRAIN DAY 2

Your mountain adventure continues as you travel east along the South Thompson River. You'll see historic Craigellachie, which marks the spot where the Last Spike was driven home on the Canadian Pacific Railway line, uniting a nation. You'll gaze in wonder at cascading waterfalls and icy glaciers spilling over the lips of the peaks above, on your way to the brilliant waters of Lake Louise and the charming alpine town of Banff. And all of this is yours to savour from the comfort of your luxurious Rocky Mountaineer coach.

You can also choose to travel Westbound, journeying from Lake Louise or Banff to Vancouver.

*“This is truly a journey everyone should make  
the effort to experience. You will never regret it.”*

THE MOST COMFORTABLE WAY.

 [CLICK FOR MORE INFORMATION](#)

---

By geological standards, the Canadian Rockies are a relatively young mountain range. And because they're so remote, they are essentially untouched. Our **Journey through the Clouds** rail route takes you through some of the most breathtaking and pristine natural beauty on the planet.

## TRAIN DAY 1

Board Rocky Mountaineer in the urban oasis of Vancouver, British Columbia, and journey through the fertile farmlands of the Fraser Valley. Watch as the landscape transforms to the towering peaks of the Coast Mountains. You'll see the mighty Fraser River and the whitewater of Hell's Gate. Soon, the scenery undergoes another dramatic shift and you'll find yourself amid a desert-like landscape peppered with sagebrush. The day's journey comes to a stop in the city of Kamloops, where you will overnight at a hotel.

## TRAIN DAY 2

After spending the night in a charming Kamloops hotel, you will board the train and follow the North Thompson River, slowing to take in the 91.5 metre (300 ft.) cascade of Pyramid Falls before continuing to Yellowhead Pass. Gliding by teal-green lakes, you'll close in on Mount Robson, the tallest peak in the Canadian Rockies. It's so high it has its own weather system. The striking thing about this rail route is the succession of spectacular sights, each more impressive than the last. To cap it off, you'll wind up in the picturesque alpine town of Jasper.

You can also choose to travel Westbound, journeying from Jasper to Vancouver.

*“From the moment we were collected from our hotel to the time we departed, we were made to feel like royalty. It was truly the most breathtaking, beautiful experience.”*

# CHOOSE YOUR SEASON.

---

You can travel on Rocky Mountaineer during the spring, summer, or autumn. This means you can experience the beauty of the Rocky Mountains under very different conditions. In the spring, you can witness the wilderness coming to life. Summer offers longer days and more wild creatures to see. In the autumn, the leaves begin to turn and hints of snow touch the peaks of the mountains. Keep in mind that early spring and late autumn offer our best pricing.

## SPRING

APRIL | MAY

As winter relinquishes its hold and the wilderness comes to life, this is one of the best times to join us onboard Rocky Mountaineer. Lakes, streams, and waterfalls swell. Bears lumber out of hibernation. Birds begin nesting. And best of all, the crowds of summer tourists have yet to arrive.

## SUMMER

JUNE | JULY | AUGUST

Warm weather urges vegetation to flourish. Baby animals emerge under their parents' watchful eyes. The days grow longer. The rainforest is at its most lush and the arid desert canyons display an especially rugged beauty.

## AUTUMN

SEPTEMBER | OCTOBER

The forests create a vibrant display of red, orange, and gold, mixed with evergreen. Snow dusts the mountain peaks. Animals forage through the wilderness to prepare for the coming winter. The crowds of summer tourists wane in October.
